

BIRMINGHAM HORROR FILM FESTIVAL

Dates 11th & 12th October 2025

INTRODUCTION

Welcome to the Birmingham Horror Film Festival and Convention.

The Horror Film Festival was launched in 2024 as a stand alone event under the company Filmmakers United CIC. As a community interest charity we currently run three film festivals, Birmingham Horror Film Festival, Stratford On Avon Film Festival and Envisage International Sci-Fi Festival. As part of our filmmaking background and heritage we also work closely with Colleges and Universities providing filmmaking activities and help and guidance navigating the filmmaking landscape! We are all professionals that work in the film industry and more importantly film and horror fanatics also.

For 2025 and moving forward we are expanding into providing a traders convention to run alongside the film festival. Operating from the Austin Sports and Social Club in Longbridge Birmingham, we have two great halls to fill with traders just like yourself. We are not planning on having any signings whatsoever and it is all about you the traders. We have capacity for just under 100 stalls based on our standard table of 1.5ft x 6ft. (This is 2 tables pushed together to make this size)

If you have your own pop up stall or something different you would like to use then contact us with photos and dimensions so that we can address our layout plan to see how we can accommodate you.
